

Mt. Zion Baptist Church Family & Friends,

Given the concern regarding COVID-19, the past several days have been filled with uncertainty and have required challenging decisions to be made by many. The health and protection of our church family and friends is of utmost importance.

At this time, we believe that it is in the best interest to stop all church meetings, socials and gatherings for the next two weeks. During this time, the church will undergo proper measures to sterilize equipment, and seating spaces.

The Mt. Zion Youtube Live Channel will continue to be active during this time, and the link will be posted on all Mt. Zion Baptist Church social media platforms beginning at 10 a.m. on Sunday March 22nd & 29th. Also, we would like to remind you that you can give your tithes and offerings through our church app "Givelify". Instructions on downloading and app mobility are provided on the church Web Site.

We are all experiencing new normals at this time, but we must continue to Pray and look to the Lord and His strength. Please stay safe and let us know if you have any questions.

All updates will be communicated via social media.

Thank You,

Pastor Ross
